Dear Parents/Carers,

This week a selected few pupils attended the Raynes Park Cluster Kwik Cricket Tournament. The children showed great sportsmanship and did Hatfeild proud, a detailed match report is on page 3.

As the weather has become warmer this week the children have been enjoying playing on the Willow Field at lunch time. They have also really enjoyed all the new play equipment that has been kindly supplied by the HSA.

Our Year 6 Sports and Games Directors have taken great pleasure in organising games during the lunchtime for the younger children to take part in.

Please remember that we encourage the children to always have a water bottle in school. On sunny days we would advise you to apply sun cream before school and to send your child in with a hat.

It only leaves me to say I hope you all have a wonderful half term, and the children return feeling relaxed and refreshed on Monday 3rd June.

Hatfeild cricketers battle it out at the Raynes Park Cluster tournament

On Tuesday afternoon, one of Hatfeild’s cricket teams faced local rivals in a bid to get through to the Finals next month. The first match against St John Fisher was a tough start, with us struggling to get many runs, although a great catch from Zeki, and Kymani taking a wicket, helped claw back some runs and we finished with 208 runs to their 222. Our second match against West Wimbledon started extremely strong, with Ruben taking a wicket with his first bowl in the second over! However several sixes and fours being scored by our opponents were too much to beat, and despite some strong fours from Zeki and Ruben, we lost by 208 runs to their 230.

The third match was a nail-biting contest against Aragon. Good communication between batting pairs led to lots of single runs being scored, including a brilliant six by Ruben which led to a score of 217 runs to defend. The first over started with Zeki catching the first batter out – what a good start! Jari’s catch, and Zeki and Kymani both taking a wicket, all helped keep the score almost neck and neck! We were disappointed to lose by only four runs, to their score of 221. Aragon also went on to win the whole tournament so this was even more of an achievement!

Our fourth and final match of the group stage was against Merton Park and the opening over saw Rayhaan take two wickets with his first two balls! Despite Musa taking a wicket with his second ball, Merton Park were strong batters, scoring lots of fours and sixes, and we lost with 219 runs to their 236.

We played a final placings match against Hollymount, and Hatfeild displayed some superb batting skills, getting a six and several fours throughout so we knew we stood a good chance with our 240 runs. Some sharp fielding, including two stumpings from Kymani, left us with a win of 240 runs to Hollymount’s 226 – we were delighted to finish on a high.

Well done to all of the team, you did us all very proud: Kymani (Captn), Rayhaan, Ashagen, Zeki, Musa, Jari, Amy M, Chloe B, Ruben and Goncalo. Thank you to Jack (Playleader) for coaching the team.
**Year 3/4 Tennis Tournament**

On the 10th May 2019 Hatfield tennis team went to the Merton Mini Red Tennis Tournament at Wimbledon Tennis on Grand Drive. The team participated in a pool of four teams with Dundonald, West Wimbledon and Hollymount. We lost two and drew one, putting us in the difficult position of 14th out 16 teams.

In the playoffs, we then had to play against the 11th place team, St John Fisher, in the quarter finals. We won this round and then became 11th place playing Wimbledon Park for 10th place in the semi-finals and winning this game too, so we moved into 10th place. We then played Dundonald in the finals for 9th place, but unfortunately we lost this round 3-1, so we finished off the day in 10th place.

The team represented Hatfield brilliantly and were great sports on the day. Well done to Archie, Ruari, Dolly and Tiani on this fantastic achievement, you should be very proud.

Dear Parents and Carers,

**RE: ECOBRICK recycling project ([www.ecobricks.org](http://www.ecobricks.org))**
Following the massive single use plastic problem highlighted by David Attenborough’s Blue Planet, it is with great excitement that we are going to be starting our plastics recycling initiative at Hatfeild. The project is called ECOBRICKS and it will entail each child making **one** at home and binging it in to school in the month of June so we can build a raised flowerbed.

**What is an ECOBRICK?**
An ECOBRICK is a **2L plastic bottle** filled with all non-biodegradable plastic that can be used to build with. Across the globe, people are making these ‘bricks’ using unwanted household plastics and then using them to build a range of things; from outhouses, raised flowerbeds and even furniture. The benefit here is twofold – you get a sustainable building resource and dangerous non-recyclable plastic is removed from our landfills.

**How to make an ECOBRICK?**

<table>
<thead>
<tr>
<th>Step</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>1</strong></td>
<td>Collect clean and dry plastic waste at home</td>
</tr>
<tr>
<td><strong>2</strong></td>
<td>Find a clean, dry 2-litre cooldrink bottle with a lid</td>
</tr>
<tr>
<td><strong>3</strong></td>
<td>Compress waste into the bottle with a stick</td>
</tr>
<tr>
<td><strong>4</strong></td>
<td>Pack tightly throughout the process to ensure it is compressed</td>
</tr>
<tr>
<td><strong>5</strong></td>
<td>Put the lid back on and your EcoBrick is ready to be built with</td>
</tr>
</tbody>
</table>

The idea here is that the plastic is as compressed as possible so the bottle is solid.

**Things that can be included:**
- Plastics bags (fruit, bread, cereal)
- Straws
- Sweet wrappers
- Crisp packets

**Things that can’t be included:**
- Paper
- Metal or sharp objects
- Soiled or dirty plastic
A JUNE START!
We would like each child to bring in **ONE** 2L bottle and we will be building a raised flowerbed in the school grounds which can be filled with plants.

For further information you can visit the [www.ecobricks.org](http://www.ecobricks.org) website and check out all the fabulous work that others around the world are doing.

**An example of the type of raised flowerbed we would like to build here at Hatfeild.**
